## PROFILE SUMMARY

Motivated fresher UI/UX Designer with a strong foundation in creating engaging user interfaces using HTML, CSS, and JavaScript. Proficient in Python for back-end integration, with a keen eye for detail and user-centered design principles. Eager to contribute and grow in a dynamic team environment.

## PROJECT

### Project -1

### SPARKHUB-INFLUNCERS AND BRAND COLLABRATIVE PLATFORM

(HTML, CSS, Java Script,Python Flask)

- The primary objective of SparkHub is to revolutionize influencer and brand collaboration in the digital marketing landscape. Through the development of a Python-based Flask web application, SparkHub aims to create a comprehensive platform that facilitates seamless partnerships between influencers and brands, driving impactful marketing campaigns and fostering mutual growth.

### Project - 2

### College Application Design Project (Figma)

- Designed a user-friendly college application platform using Figma, focusing on intuitive navigation and a streamlined application process. Conducted user research to understand applicants' needs and created wireframes and high-fidelity prototypes. Ensured responsive design for seamless experiences across devices. Collaborated with team members to refine the design based on feedback and usability testing.

## SOFT SKILLS

1. **Communication:** Effective communication to facilitate collaboration and understanding.
2. **Teamwork:** Strong team player with a history of successful group contributions.
3. **Adaptability:** Quick to adjust and thrive in changing environments.
4. **Problem-Solving:** Proactive in identifying and resolving complex issues.
